

OVERWHELMING VOTE FOR RAIL STRIKE

LEADERS FIGHT OVER FURTHER DELAY ON BONUS

Democratic Leaders Clash with G. O. P. Heads Over Proposed Delay.

FAVOR HARDING PLAN

Indications Are That Republican Move to Push Tariff Will Win.

WASHINGTON, June 17.—(By A. P.)—The bonus fight broke unexpectedly in the senate today when democratic senators attacked the reported compromise agreement of republican leaders not to call up the measure next Monday but to have it follow the tariff bill.

For two hours the party leaders clashed but with no effect except for additional indications that the republican plan would prevail. Open declarations were made however, that an effort would be made in any event to call up the bill next week and the situation was further complicated by failure of the senate today to dispose of the naval bill which went over until Monday.

The senate first followed conferences between President Harding and republican leaders at which the president was assured that Monday's conference of the republican senators would result in holding the tariff before the senate but with a declaration that the bonus bill would be passed before congress adjourns.

That the president would sign the bill if passed and that it undoubtedly would be passed during the senate debate by Chairman McCumber, in charge of both the tariff and bonus measures.

Senate debate was enlivened by a charge from Sen. Walsh, democrat, Mass., that "an honest majority of the senate" was not behind the bonus bill and that a group of senators professing to favor it were "ducking and dodging" and seeking to avoid going on record.

Sen. McCumber was asked point blank by Sen. Ashurst whether he intended to carry out his plan, announced June 8, to call up the bonus bill and lay aside temporarily the tariff measure within ten days.

Interruptions of other senators prevented Sen. McCumber from replying immediately, but later Sen. McCumber in a lengthy statement in behalf of the bonus bill would not be content if the republican conference Monday would renounce definitely what he said was the pledge of the party in power to pass the bill before adjournment.

CHASE LINER TO ARREST CRIMINAL

Passengers on Majestic Are Given Thrill, When Arrest Is Made.

NEW YORK, June 17.—(By A. P.)—Justice, a police boat, the world's largest steamship, a Californian sought for a brand new and two policemen figured today in an episode that provided a thrill for the hundreds of tourists on the outward bound Majestic.

Five minutes before noon, a message from D. B. Newell, chief of Bakerfield county, Calif., requesting the arrest of William Cheesborough of Taft, Calif., on a grand larceny charge arrived at local police headquarters. Cheesborough, the message said, was aboard the Majestic. Two policemen hurried to the headquarters and, reached the ship just before her sailing time, and started a search for their man.

The Majestic steamed out to sea. Cheesborough could not be found. The policemen told the captain; the captain wireless police headquarters and a police boat was dispatched to catch the liner.

As the Majestic reached Scotland light outside of Sandy Hook, Cheesborough was found chatting with another passenger. The police boat, far in the rear, signalled and the liner reduced speed.

Cheesborough and the policemen climbed down a rope ladder to the police boat and the Majestic steamed on.

NORTHERN CHINA AND CANTON RULE UNITED

PEKING, June 17.—(By A. P.)—Gen. Chen-Chung Ming, formerly civil governor of Kwangtung province, whose troops seized Canton Friday, announced today that the South China or Canton government has been terminated and that henceforth Canton would unite with the north in recognizing the old republican parliament. Dispatches from Canton describe the collapse of the southern government as complete. Sun's military forces crushed the former president, himself a fugitive.

STEAMER SINKING

HAMBURG, June 17.—The Swedish steamer Skandia is reported to be sinking as a result of a collision with the American steamer West Cado. The collision occurred in the Kiel canal.

THE WEATHER

Indiana: Partly cloudy Sunday and Monday; rising temperature. North: Partly cloudy. Lower Michigan: Partly cloudy Sunday and Monday; rising temperature.

Will Arrest Elopement Minister on Charges Of Deserting Family

XENIA, O., June 17.—(By A. P.)—A warrant for his arrest on a desertion charge, was on file today against Rev. W. W. Culp, 25, pastor of the Methodist Episcopal church at Spring Valley, near here, who early Wednesday morning eloped with Miss Esther Devlin, an 18 year old music teacher, who was boarding at his home.

Mrs. Culp with their nine children, the youngest of whom are six months old twins, signed the warrant last night. Police of the state have been notified to be on the lookout for the couple, whose pictures will be broadcasted over the state today.

EXPECT MANY NEW DEVELOPMENTS IN WARD MURDER CASE

Millionaire's Attorneys Will Ask for Dismissal of Indictment.

WHITE PLAINS, N. Y., June 17.—(By A. P.)—The case of George S. Ward, charged with the murder of Clarence Peters, tonight settled down to a quiet week-end in jail with no more skirmishes in his fight for freedom scheduled until Monday.

Developments, however, indicated for next week.

First, it is believed his counsel will move for dismissal of the indictment. If this is denied Ward will have to remain behind the bars until fall, for no bail can be set in a murder case and his case probably will not be called for several months.

The second expected development is holding of the long-delayed coroner's inquest.

The purpose of this, it was reported in the courthouse, was to establish that Ward and no one else killed Peters. Coroner Fitzgerald was not specific as to the date of the inquest, but said it would be "early in the week."

The third possibility which next week holds is pressing of the complaint that George S. Ward, the prisoner's father, now reported traveling west, was guilty of conspiracy with his son to thwart justice by keeping outside the state so that he could not be subpoenaed as a witness.

Meanwhile, Ward apparently will enjoy no more privileges. Orders were issued that no more visitors would be admitted to his cell, except during the regular visiting hours on Wednesday and Saturday. No one inquired for him today.

Woman Tells Story.

A woman's story of the finding of a bullet-placed, blood-stained shirt in the room of one of her tenants two days after Ward told of the slaying, furnished a new clue to the possible identity and whereabouts of the man who was supposed to have been Peters' killer.

The woman, Mrs. P. F. Adams, a widow who conducted a rooming house in West Ninety-fifth street, New York, told part of her story today upon the theory advanced, it was said, of her attorney, Mrs. Grace Humiston, who was credited with solution in 1915 of the Ruth Granger murder mystery.

Mrs. Adams said that her brother, who had lived in her home for two years, had been a sailor and that he recently was visited by another former sailor whose name was given to her as Eldridge Adams. He talked often of towns in Massachusetts where Peters had lived, she said. She said she was convinced from pictures she had seen in newspapers that the man known to her as "Adams" was Clarence Peters.

She declared that she thought she (Continued on page four.)

Wound Noted Desperado in Seven Hour Gun Battle with Posse of 25

Fred Brown, "Omaha Madman" Who Shooked Women, Is Finally Captured.

MEDICINE BOW, Wyo., June 17.—Driven to bay after a seven hour running fight, Fred Brown, desperado, was captured 50 miles north of here today.

Brown was taken only after he had been seriously wounded. His powerful auto, stolen from a Cheyenne garage, stuck in an irrigation ditch with the posse of 25 under Sheriff Sanders right on his heels. The fugitive, after emptying three Winchester rifles and two revolvers into the crowd of pursuers, exclaiming his arsenal supply of ammunition, called to the sheriff, as he raised his hands:

"Give me a glass of water, sheriff, and we'll call it square."

Brown had an even chance to live, physicians said. He was sought after kidnapping and chaining two women in a shack on the outskirts of Omaha two weeks ago.

Trace of him was obtained at 10 p. m. last night when Sheriff Sanders received a phone call from John Burnett, rancher, who said he had given Brown his supper.

Brown formerly worked for Burnett under the name of Ernest Bush. All night the sheriff's posse roared on the trail of the fleeing "madman," with auto headlights glaring and outposts on the speeding cars wide open.

Occasional shots were exchanged

Uncle Sam Visits South Bend

HUNDREDS ATTEND ANNUAL OUTING OF STUDEBAKER CORP.

1,500 Employees Enjoy Twelfth Annual Picnic at Lake Maxinkuckee Saturday.

Hundreds of men and women employees of the Studebaker Corporation, members of the Studebaker and the Mary Ann clubs, together with their families, enjoyed the 12th annual picnic of the two clubs held Saturday afternoon at Culver Military Academy on Lake Maxinkuckee. The fair but comparatively cool weather yesterday made the day an ideal one for the employees' annual outing. Between 1,400 and 1,500 persons in all enjoyed the affair.

A special train leaving here at 1:30 p. m. on the Vandalia railroad carried the picnicers to the scene of the celebration. Souvenirs were distributed on the train and coupons handed out entitling the holders to free ice cream and coffee, of which there was an abundant supply on hand at the picnic grounds.

In addition to dancing in the pavilion there, free lunch rides and similar forms of entertainment, an extensive program of games and athletic events was carried out, and prizes were awarded to the various winners. Among the athletic events were swimming races, tennis matches, baseball games, several novelty races, a tug of war between plants and 2 of the Studebaker corporation, golf-driving and ball throwing contests and horseshoe pitching.

The special train bringing the

Arrest Women for Fighting Gun Duel In Newark Streets

NEWARK, N. J., June 17.—(By A. P.)—Mrs. Anne Capucio and Mrs. Marie DeSalvo were arrested today by the police, who charged that they had fought a revolver duel at Crane and Webster streets.

Neither woman was wounded. The police said Mrs. Capucio's revolver had missed fire while her opponent's shot went wild.

Neighbors told the police Mrs. De Salvo, living apart from her husband, had been seen often with Capucio.

The shooting, according to the police, was dramatic. With her 12-year-old daughter Marie, Mrs. Capucio was said to have paced the corner with a revolver in her waist. When Mrs. DeSalvo appeared to do some shopping, the child ran up to her screaming:

"Now you are going to get it."

Mrs. De Salvo was said to have glanced at Mrs. Capucio, reentered her house and appeared with a weapon.

Then, according to the police, the women approached on another fifteen feet apart both drew their revolvers and began shooting. Suddenly both dropped their weapons and began weeping. Attracted by the shots, a policeman took them to the station house where Mrs. De Salvo was quoted as saying:

"I got my satisfaction laughing but I am crying in my heart."

Both were held on charges of assault with intent to kill.

LABOR HEADS SEEK TO CHANGE DATE OF ANNUAL CONVENTION

Terrific Heat Forces Delegates to Ask for Change to October.

CINCINNATI, O., June 17.—(By A. P.)—Observing a Saturday half holiday, the American Federation of Labor convention here today tolled through a short session in a sultry hall, with the principal business an overwhelming decision to change the convention date from June to October. Numerous other changes in the federation's constitution also were considered, but none was adopted.

The session also was marked by the federation's executive council, composed of its eleven officers, suggesting the federation's constitution also were considered, but none was adopted.

The committee, which is headed by B. M. Jewell, president of the railway employees department of the federation, meeting after the convention adjourned, decided to call in a number of lawyers for advice.

Another development, outside the convention was the raising of plans by the federation leaders to have the convention moved across the Ohio river one day next week to Newport, Ky., where a strike at a steel rolling mill has been on since mid-October, threatening a mass meeting and for the delegates visiting.

Sen. Stantry Attacks Policy of Frequently Changing Constitution

ATLANTIC CITY, N. J., June 17.—(By A. P.)—Declaring independence had been conferred with indulgence by the advocates of the Volstead law, U. S. Sen. A. O. Stantry, speaking at the annual convention of the New Jersey state bar association, today attacked the policy of frequently changing the constitution of the United States.

"The Volstead law," he said, "is but one of a multitude of summary regulations involving complete revolution in the scene and character of federal legislation, for whenever by amendment or otherwise, you make a centralized government, and not the citizens the source and repository of all power, you will not have amended, you will have belittled the constitution of the United States."

"The recent and stupid attempt of bigotry to raise a false issue, to confuse the whole vital question by confounding personal liberty and sensual indulgence, is ridiculous and absurd," Sen. Stantry continued.

"Liberty is as far from license as the zenith from nadir."

"The man is to be pitied who confounds an estimable blessing and mere carnal indulgence. The mental calibre of an alleged jurist or statesman who can make no distinction between an aspiration and appetite is to be commiserated or despised. Compared with human rights, property rights are dress. This confounding of importance and indulgence has no warrant in common law, common sense or common decency."

"I recall to these gentlemen who

SUBSIDY TO FOLLOW TARIFF IN SENATE

Compromise Plan to This Effect Presented to Pres't Harding.

WASHINGTON, June 17.—(By A. P.)—Under a compromise plan suggested today to Pres't Harding by house republican leaders and which, it was said, did not meet his approval, the house will take up the subsidy bill immediately after the senate has passed the tariff bill.

While the question will be considered further at White House conference next week, Chairman Campbell of the rules committee, who outlined the situation to the president today, said that "morally certain no action will be taken on the subsidy bill by the house until the senate has concluded consideration of the tariff."

Meanwhile, party leaders professed to be relieved that a solution of an admittedly vexatious problem had been reached. It meant, they said, that the president's insistence that the bill be put to a vote prior to adjournment would be met and opposition on the part of some republicans to hasty action withdrawn.

VOTE SHOWS 95 PERCENT OF MEN FAVOR WALKOUT

Returning Ballots Call for Rail Strike Action by Large Majority.

COMPLETE STRIKE PLANS

Taking Back of Board's Decision Only Thing That Can Stop Action Now.

CINCINNATI, O., June 17.—(By A. P.)—Withdrawal of wage reductions ordered by the railroad labor board and the taking back of railroads of contracts farming out shop work only can avert the threatened strike of approximately one million workers on July 1, rail union executives said tonight.

Union leaders declare complete strike plans have been approved and unless the railroad labor board revokes its decision cutting wages and altering working conditions the threatened strike will go into effect as scheduled.

The triple barreled strike vote of seven unions so far returned was announced by union leaders as being 95 percent in favor of a walk-out. However, leaders said this percentage is high and they did not expect the final vote to reach more than 95 percent.

Today the rail workers and miners union officials will meet to discuss co-operative action between members of these organizations. John L. Lewis, president of the miners, formally announced today that the meeting would discuss "the industrial situation affecting the strike of organized mine workers and the outrageous action of the United States railroad labor board in imposing unwarrantable and unjustifiable reductions upon the railway employees."

Miners Will Act.

In accepting the invitation extended by B. M. Jewell of the railway employees for a meeting, Mr. Lewis stated that the mine workers would seek to prescribe a "course of action which will afford the workers a degree of justice which is necessary to the men working in these industries and at the same time give every proper consideration to the welfare of the organized men and women."

It was announced tonight that E. F. Grable, president of the maintenance of way employees, who cannot enter Ohio without fear of being served with subpoenas in injunction proceedings against his union now pending in the United States district court at Toledo, is in Cincinnati, Ky., across the river from Cincinnati.

Mr. Grable in a statement announced that his position is a concrete demonstration of the intolerable condition imposed by the courts upon those who are charged with the maintenance of labor organizations and with the safeguarding of human rights as against property interests.

The application for reinstatement into the American Federation of Labor is now pending and will be heard upon at the present convention.

'PAT' DIDN'T USE HIS HEAD ON THIS TRIP

PHILADELPHIA, Pa., June 17.—Perched on a keg labelled "Gunpowder," Patrick Kane smoked a powerful pipe as he ferried across the Delaware from Camden.

But when the pipe went out and he nonchalantly scratched a match upon the gunpowder sign, prohibition sleuths cautiously tapped the keg. They found ten gallons of "hooch."

Judge Gary Says Business Ethics Now on Higher Plane Than Ever

"Right Now Precedes Might," He Declares in Address to Students.

CHICAGO, June 17.—Business throughout the United States is today conducted on a higher ethical plane than ever before, Judge Elbert H. Gary, chairman of the board of directors of the United States Steel Corporation declared in an "Alumni Day" address at Northwestern university this afternoon.

Judge Gary, an alumnus of Northwestern university law school, was one of the hundreds of "old grads" who returned to alma mater and participated in the parade which preceded a luncheon at which he was the speaker.

"The large majority of business men now conduct their affairs in accordance with the avowed belief that right is superior to might," asserted Judge Gary. "They believe that morality is on a par with legality and that the observance of both is essential to worthy achievement; that the rights of customers must always be respected; that employees are associates rather than servants and should be treated accordingly; that stockholders of corporations, as well as all partners, are entitled to any information immediately upon the receipt of the same by any officer or partner; so that under no circumstances can there be preferential rights or opportunities; that destructive competition must give way to humane competition; and that full and

Says Daugherty Fears Morgan Interests In Probe of War Frauds

NEW YORK, June 17.—(By A. P.)—Samuel Untermyer took another fling at Atty. Gen. Daugherty today in a statement issued as he stepped aboard the Majestic for a vacation in Europe.

In connection with the attorney general's announced program for prosecuting war fraud cases, the counsel for the Lockwood committee charged that because the Morgan influence is too strong to withstand, Mr. Daugherty simply will not budge toward prosecuting the General Electric company for the monopoly the company has secured through its electric light bulb business of the nation.

FORD SHOALS OFFER CAUSES HOT VERBAL CLASHES IN SENATE

Supporting and Opposing Factions of Proposal Fight for Two Hours.

WASHINGTON, June 17.—(By A. P.)—Senators supporting and opposing Henry Ford's offer to purchase and lease the government's war initiated projects at Muscle Shoals, Ala., clashed today in a two hour heated discussion over ways and means of developing the projects for peace time operations.

Sen. Underwood, of Alabama, democratic leader, proclaimed himself "a Ford man" and asked an opportunity to vote for the acceptance of the Detroit manufacturer's proposal before congress adjourns.

Sen. Norris, of Nebraska, chairman of the agricultural committee, which is investigating Ford's proposal in connection with offers for Muscle Shoals, also went on record. He declared he was opposed to the acceptance of the Ford tender, or to any other which would have the effect of selling properties "costing the people \$106,000,000 for \$5,000,000," and leaving those not sold to private interests for a period of 100 years.

Sen. Heflin, democrat, joined his colleague in a way that left no doubt as to his position on the Ford offer, and precipitated a sharp verbal exchange with Sen. McNary, republican, Oregon, and with Sen. Norris, when he said Mr. Ford had promised to manufacture fertilizers and sell them at one-half their present selling prices. The Oregon senator declared that Mr. Ford had made such a promise and said he protested against "such statements."

Sen. Norris interrupted to say that thus far the only public expression from Mr. Ford or any one else, was that of a hope to be able to make cheaper fertilizer.

"There's no agreement, no contractual proposal to that effect," he went on. "Mr. Ford has not made it and will not. He is too shrewd a man, too smart a man. He has not agreed to do so and can't. The government chemists won't agree that it can be done and cannot agree that it can be done."

BAPTIST DELEGATE, HIT BY AUTOMOBILE, DIES

INDIANAPOLIS, Ind., June 17.—Rowland Brown, 50, of Lincoln, Neb., a delegate to the Northern Baptist convention, was killed tonight when he was struck by an automobile while crossing a street. The driver of the machine did not stop after the accident.

Another automobile victim was Clarence Kittle, seven years old, who was fatally injured when struck by an automobile driven by E. A. Hildebrandt. Hildebrandt was arrested, charged with assault and battery.

WILL TEST RIGHT OF FREE SPEECH AT MEET

VINTONDALE, Pa., June 17.—(By A. P.)—The United Mine Workers and the American Civil Liberties Union carried out their plan to "test the right of free speech in the coal strike region here," tonight. A meeting was held opposite the offices of the Vinton Collieries Company. Leaders of the organization obtained an injunction in the Cambria county court at Ebensburg earlier in the day. The principal speakers were Arthur Garfield Hays of New York city, representing the civil liberties union and John Brophy, district president of the United Mine Workers.

COAL YARDS DAMAGED.

ANDERSON, June 17.—Fire started in a coal yard here today destroyed three coal sheds and two motor trucks in the coal yard, then spread to an adjoining residence section, destroying nine dwellings. Damage was estimated at \$40,000.

(Continued on page two.)

MYSTERY VEILS OPERATION ON H. F. M'CORMICK

Former Harvester Head Sees Reporters but Will Offer No Information.

ILL FOR SOME TIME

Doctors Refuse to Discuss Ailment—Hint at Gland Operation.

CHICAGO, June 17.—(By A. P.)—Mystery tonight veiled the exact nature of the operation performed on Harold F. McCormick, chairman of the executive committee of the International Harvester company Monday night, the news of which became known today.

At the Wesley Memorial hospital it was first denied that Mr. McCormick was a patient, although it was later admitted that he occupied an entire wing which had been walled off from the rest of the institution to insure privacy.

The operation was performed by Dr. Victor D. Lespinasse, widely known surgeon, who issued the following statement:

"Harold F. McCormick is a patient in the Wesley Memorial hospital under my care. He has been in the hospital some time and has undergone a major operation. He was here principally for rest, both mental and physical."

Dr. Lespinasse, members of the hospital staff and of the McCormick family refused to discuss widely published statements that Mr. McCormick had been the subject of a transplanting of glands with the object of getting an extension of his years of youth.

Late today Mr. McCormick was visited by his eldest daughter, Muriel, and later by his youngest daughter, "Tahiti," and by Howard Colby, a close friend of the family. When Mr. Colby was leaving the hospital he was asked by a reporter if Mr. McCormick had undergone a gland transplanting operation. He replied: "You had better ask him," he replied. "He is smoking cigarettes and feeling fine."

Shortly afterward Mr. McCormick received several reporters, sitting up in bed. In answer to questions he said that he was feeling "fine" but when asked directly regarding the nature of the operation, he declared: "You might inquire at the desk," and added that he had no statement to make.

Dr. Lespinasse asserted that he had known about the transplanting of monkey glands long before Dr. Voronoff, of Paris. He asserted that he now had discarded this and operated with human glands.

IRISH ELECTION RESULTS IN DOUBT

Full Returns Will Not Be Available Before Tuesday, It Is Announced.

DUBLIN, June 17.—(By A. P.)—Lacking definite announcement of the outcome of yesterday's elections for a new dail eireann the results of which are not expected to be known until next Tuesday at the earliest, the estimate is hazarded in some quarters that the republicans will have forty representatives in the new dail, that the group which represents pro-treaty sentiment in the old dail will have sixty members, while the newcomers will number 28.

All the newcomers support the treaty, the likelihood of which has been pointed out, it would give the free state forces a working majority on the treaty issue. The republicans, however, do not expect the division will follow these lines and prefer to resign. The new parliament is likely to consist of 100 old dail men members against 28 new attached to that organization. They say that the coalition cabinet therefore is safe against attack on any policy advanced by the combined Sinn Fein wing.

At the conclusion of the first count of the election returns it was found that Robert Day, laborite, had obtained the necessary quota and was therefore elected. Liam Neill, (William Roche) and J. J. Walsh, both pro-treaty, barely secured the quota, but are expected to be elected.
